Tabor Times

January 2018

WE REMEMBER...

Geraldine “Etty” Lewis

WE WELCOME...

Lorette Hanshar

Mary Stepien

Joan Murphy

WE CELEBRATE

THE JANUARY

BIRTHDAYS OF...

Grace Marshall—1st

Annie Pahl—16th

Lorette Hanshar—22nd

Mary Stepien—23rd

Mary Friesen—29th

We are happy to announce a new name and brand identity for our organization! Along with our sister home in Virgil (Pleasant Manor), our collective name is now Radiant Care. Here at our home, we will be known as Radiant Care Tabor Manor.

The Board of Directors consulted with families, residents, tenants and staff. The feedback led to the choice of Radiant Care as a name that signifies our commitment to provide excellent, loving and dignified care that ‘radiates’ throughout our homes. At the same time, we are committed to preserving the name of Tabor Manor, a name rich in history and meaning. Radiant Care Tabor Manor signifies both our heritage and our vision.

In the weeks to come, you will see our new name on our signs, our staff name tags, and our web site. We are proud to be known as Radiant Care – two homes that are one unified community!

MONTESSORI MOMENT

Complimenting the Brand change, you will see staff wearing new name badges. On one side is the staff member’s picture and name and on the other side over a bright yellow band of colour you will be able to read the staff member’s first name. Research shows that seniors are better able to see large bold black letters on a bright contrasting yellow background. When changing the name badges, special consideration was given to their design to ensure that it aligned with our Montessori Methods for Dementia Care.

Recreation —Sherri Davis

We hope that you have enjoyed all the special events in December! What a blessing to have so many groups come to celebrate Christmas with us!

We are very excited to welcome back Brock University to our campus. Starting in January, their fourth-year experiential learning class is coming back with a third group of students! We have a very special project planned—so stay tuned for more information!

Below are just a couple of pictures from one of our intergenerational visits with Centennial school. The students and seniors are growing real relationships and enjoying their time together!

Dietary's Dish—Amélie Robert

Happy 2018, Tabor Manor! I hope you had an amazing Christmas and Holiday Season! We are continuing with our new Winter/Spring Menu, which started in December. We are always looking forward to feedback and comments, so please bring them forward. I wish you all a happy, healthy, wonderful New Year!

“Our hope is not in the new year, but in the One who makes all things new.”

Toolbox Talk— Rick Green

Happy New year, hope everyone had a blessed Christmas. We are finishing up the trimming of the trees, because snow is on the way.

Biblically Based—Jim Evans

Isn't it amazing how pilots can safely land passenger planes on a narrow landing strip even when it's dark and stormy? They don't do it alone! They have the help of the control tower and runway lights to show them the way.

The Christmas Story tells us the wise men from the east saw 'a star' that pointed them safely to the birthplace of Jesus, The Christ! And Jesus came into the world so that He can safely guide all who put their faith and trust in him, all the way to eternal life!

Jesus said, 'I am the Light of the world. Those who believe in Me will not walk in darkness, but they will have the light of life!' (John 8:12) As we begin a New Year, let's make sure that Jesus is the "Light" that guides our lives every day! Remember, ***Jesus in The Light of The World!***
