Biblically Based—Jim Evans

Two brothers accused each other of stealing money from the store they owned together. As a result, they ran separate businesses and, worst of all, they stopped speaking to each other for over 20 years. One day, a stranger came into their stores and confessed that he had been the one who had stolen the money so long ago. He had since accepted Jesus Christ as His Lord and Saviour, and he needed to make things right with them! The brothers immediately embraced, forgave each other, and reconciled because of the love of Christ shown through that man!

This Easter Season, we as well should remember that, while we were still sinners and enemies with God, Christ died for us, showing God's mercy and grace to those who trust in Him! God made peace with us in Christ! I encourage you...Be reconciled to God and make peace with others today, through Jesus Christ! (Romans 5:1-11; 2 Cor. 5:20)

With Easter just around the corner, we are looking forward to a special Mennonite tradition here at Tabor—Easter Bread called Paska. If you are not familiar, be sure to be early to the Tuck Shop to purchase from Heather's Sweet Treats on Fridays near Easter. Our residents will be able to ice and decorate their own on April the 19th. Whether you are decorating eggs or paska—may you have a Blessed Easter!
