THE POWER OF WORDS

A few years back, I was having a particularly discouraging day at work. Midday, I took a break to call a mentor and friend. When he asked me how I was doing, I lied and said: I'm okay." Really, I wasn't and he could sense that. I will never forget his words in response. He said, "Stephen, I don't believe you, but I believe in you." Those four words, I BELIEVE IN YOU, had come to mean a lot to me in my life, and I really needed to hear them that day. So, God put them into the mouth of my mentor and the impact was immediate. I was infused with fresh courage and strength to face the challenges of the day with greater peace and poise.

The writer of Proverbs says: *The tongue has the power of life...*" (Prov. 18:21) and "*a word aptly spoken is like apples of gold in settings of silver.*" (Prov. 25:11) In other words, the right word spoken at the right time can be priceless. It certainly was for me on that difficult day not too long ago.

During this challenging season, is there someone in your relational sphere who needs to hear some words of life? Words such as: I believe in you, I'm proud of you, I love you, I'm praying for you, or I miss you. May we be reminded afresh that words have power...your words have power. And may we be attentive to the prompting of the Holy Spirit to speak some life-giving words to some dear heart today.
