Recreation Note

Despite our current situation we are happy to report that we have been working away at our courtyard garden and will have our final planting day June 2. Recreation staff have been working hard to ensure that the courtyard looks beautiful so when residents go outside they are able to enjoy the sunshine and flowers.

Fresh air and sunshine sure helps to make everyone feel a little better! Recreation staff are assisting with bringing residents outside in the courtyard.

.....

Special thank you Hunter Road Greenhouses for graciously donating beautiful orchids to all of our wonderful women in honour of Mother's Day. Our recreation staff personally delivered the flowers, along with some sweet treats.

Toolbox Talk— Rick Green

Summer is coming, the flowers and plants have been planted, the mulch will be topping off the gardens. At this time, the temperature outside always goes up and down. As maintenance we are always monitoring the temperatures. We keep the inside temperatures between 22°c and 27°c. If you feel uncomfortable in your room, please tell the nurse. The nurse will input the concern into the computer system. We will send someone up as soon as possible to rectify the issue. Don't forget if you have any maintenance issues bring them to the nurse and maintenance will get to them right away. Thank you.

Happy Father's Day

We are asking families to drop off a sun-hat if your loved one does not already have one in their personal belongs. You can drop this off at the screener table. We will label it and ensure the hats are being used when outside.

Thanks, Recreation Staff

Any man
can
be a father
but it takes
someone special
to be a Dad.

Biblically Based—Stephen Mason

The story is told by Dallas Willard of a little boy whose mother had died when he was really young. Often at night he would lie awake in bed, afraid and unable to fall asleep. Many nights he would go into his father's bedroom and lay down next to his father. But even to be in the same room as his father was not enough; and so he would say to his father, "Daddy, is your face turned toward me." And when his father would say, "Yes, son, my face is turned toward you," then it would be okay...then he'd be able to sleep.

That story makes me think about the beautiful Old Testament benediction: "*The Lord bless you and keep you: The Lord make his face to shine upon you, and be gracious to you: The Lord lift up his countenance upon you, and give you peace.*" (Numbers 6:24-26)

I would ask: What is it that gives us peace to live in a world as stormy and rocky as ours? I believe it is knowing that the Heavenly Father's face is turned toward you.

In these challenging days, may you be sustained by a bracing peace, knowing with certainty that The Father's face is turned toward you...turned toward you right now.

WE MISS YOU

We hope you are all doing well and keeping safe. Have a look at some more pictures
