

Radiant Care

MANUAL: INFECTION CONTROL SUBJECT: RESUMING VISITS DURING
 Section 9 - Temporary Policies COVID-19

APPROVAL:  NUMBER:

DISTRIBUTION: DATE: JUNE 2020

SCOPE

This policy applies to Long-Term Care homes and congregate living settings at Radiant Care.

PURPOSE

To support Long-Term Care residents and congregate living tenants at Radiant Care, the homes will begin staged resumption of visits guided by the following principles, as per the Ministry of Health:

Safety: Visiting in the long-term care home and congregate living settings must meet the health and safety needs of residents/tenants, staff, and visitors, and ensure risks are mitigated.

Emotional Well-being: Allowing visitors is intended to support the emotional well-being of residents/tenants and their families/friends, through reducing any potential negative impacts related to social isolation.

Equitable Access: All individuals seeking to visit a resident/tenant will be given *equitable visitation access*, consistent with resident/tenant preference and within *reasonable restrictions* that safeguard residents/tenants.

Flexibility: The physical/infrastructure characteristics of the long-term care homes, its staffing availability, and the status of the home with respect to Personal Protective Equipment (PPE) levels for staff and residents/tenants.

POLICY

VISITS

Beginning September 9, 2020, visitors may visit residents/tenants at Radiant Care, following the guidelines and procedures outlined below.

General Guidelines:

1. Visits may be suspended at the discretion of Radiant Care and as directed by the Ministry of Health (MOH) as the pandemic situation evolves to keep all residents/tenants, staff, and visitors safe.
2. General visitors and residents are encouraged to practice physical distancing for the duration of their visit; however, visitors who have passed all screening requirements, including having verbally attested to not testing positive for COVID-19 within the past 14 days, may engage in close physical contact (i.e. less than 2 metres) with a resident to support their emotional well-being and/or communication provided the visitor wears a surgical/procedure mask as source control (regardless if the visit is indoors or outdoors).
3. The long-term care home and congregate living residences at Radiant Care must **NOT** currently be in outbreak (has never been in outbreak or the outbreak has been declared resolved by the Public Health Unit (PHU)). If one of the homes has relaxed visitor restrictions and an area of the campus enters into an outbreak, non-essential visitations to that area of the campus must end. Visitation to other areas of the campus will be at the discretion of Radiant Care, in consultation with local and provincial health authorities.
4. Visits will be suspended if there are any presumptive/suspect cases of COVID-19 in that area of the campus.
5. All Long-Term Care visitors and indoor tenant visitors shall review the information package on Infection Prevention and Control (IPAC), masking, and limiting movement around the home (see Appendix A), and shall agree to all measures included in the package by completing the Attestation, Waiver and Release provided by Radiant Care (see Appendix B). This Attestation, Waiver and Release shall be signed by every Long-Term Care visitor and every indoor tenant visitor, individually, before each visit. Failure to do so, or non-adherence to home policies and procedures, will result in discontinuation of visits for that visitor. Outdoor tenant visitors are responsible to follow Radiant Care's IPAC guidelines but do not need to sign an Attestation, Waiver and Release.
6. All indoor visitors shall attest to a negative result on a COVID-19 test within the past 14 days by completing the Attestation, Waiver and Release provided by Radiant Care. Radiant Care is not responsible for providing the COVID-19 testing.
7. All Long-Term Care visitors and indoor tenant visitors shall be screened prior to all visits. All visitors shall not come to visit if they are feeling unwell.
8. Strict infection control measures shall be in place at all times, including hand sanitizing, maintaining physical distance (2 meters) where required, and always wearing a mask throughout the visit.
9. Failure to follow policy and protocols will result in discontinuation of visits.

ABSENCES

Beginning August 31, 2020, long-term care residents may leave the Long-Term Care Home property for a short stay or temporary absence, as per the following guidelines:

Short Stay Absences:

- Residents may leave the home's property for a short stay absence for health care-related, social or other reasons. A short stay absence does not include an overnight stay, with the exception of single-night emergency room visit.
- Residents will be provided with a medical mask to be worn at all times while outside of the home.
- Residents will be reminded about the importance of public health measures including physical distancing.
- Resident will be screened upon their return to the home

Temporary Absences:

- Residents may leave the home's property for a temporary absence (one or more nights) for personal reasons. Upon return to the home the resident will be required to self-isolate for 14 days.
- All temporary absences must be reviewed and approved on a case by case risk assessment considering, but not limited to, the home's ability to support the self-isolation upon return, local disease transmission and activity, and the residents' ability to comply with local and provincial policies.
- Resident will be screened upon their return to the home

All long-term care resident absences should be scheduled ahead of time. Radiant Care staff are not able to assist with transferring residents into vehicles or transferring mobility devices into vehicles.

DEFINITIONS

Essential Visitors: A person performing essential support services (food delivery, health care services) or a person visiting a very ill or palliative resident. During an outbreak and/or a suspected or confirmed case of COVID-19, the local Public Health unit will provide direction on visitors to the home depending on the specific situation.

Support Worker: Is a type of essential visitor: physicians, nurse practitioners, maintenance workers (who are not staff of the home)

Caregiver: Designated by the resident and/or their substitute decision maker. They provide direct care to the resident (feeding, mobility, personal hygiene, cognitive stimulation, communication, assist in decision making) These people may be family members, a privately hired caregiver, paid companions, and translators. A caregiver must be at least 18 years old. A resident may have a maximum of 2 caregivers (designated by the resident OR their substitute decision maker)

General Visitors: Not an essential visitor. May be family and friends, and may provide care related to cognitive stimulation, meaningful connection, and relational continuity. They are not hired by the home or the resident and/or their substitute decision maker.

All visitors must attest to having the required education on Infection Prevention and Control (IPAC) and PPE from the resources provided by Public Health Ontario.

Education Requirements for Visitors: Effective September 9, 2020, prior to any indoor visit in Long-Term Care, indoor visitors must complete education that includes how to perform hand hygiene and put on and remove required PPE. Going forward, all Long-Term Care visitors must re-complete this training and re-read Radiant Care’s Resuming Visits During COVID-19 Policy on a monthly basis, and attest to doing so.

PROCEDURE

Radiant Care reserves the right to restrict the number of visitors to protect the health and safety of residents, staff, and visitors. Radiant Care will ensure that the home is safe and secure for all residents. This may result in one caregiver per resident at a time, and at least one visit per resident per week from at least one general visitor per resident at a time. Decisions are made based on the physical characteristics of the home and the needs of ALL residents. The total number of visitors in the home will be closely monitored and restricted, as necessary. Space in the homes must be available for physical distancing where required. If the home is not able to supply surgical/medical masks, no visitors will be permitted inside the home.

LONG-TERM CARE HOME (RESIDENTS)

For All General Visits:

- Staff will be responsible for the transportation of residents in and out of the home for visits. Visitors will not be permitted to transport the resident.
- Each resident will be permitted only TWO visitors at a time.
- Visitors may only visit the one resident they are intending to visit, and no other resident.
- All visits must be scheduled in advance through the Therapeutic Recreation Supervisor of the home. No unscheduled visits will be accommodated.
- A visit will be a minimum of 30 minutes.
- Visit times:
 - At both homes, visits will be scheduled Monday to Friday between 9:30am and 3:30pm.

- Visits will not be scheduled for any residents currently completing a 14-day isolation.
- Radiant Care will make every effort to provide one visit (either indoor or outdoor) per week per resident.

Outdoor Visits:

- Radiant Care reserves the right to cancel outdoor visits when it is unsafe (extreme heat, other weather conditions, lack of available staff to support the visit, etc.).
- Outdoor visitors shall wear a face covering throughout their visit, which they will provide for themselves.
- Visits will not be supervised; successful resumption of visits in the homes is dependent on trust. The homes trust that visitors will comply with all rules. At times it may be necessary to supervise visits to support residents.
- Outdoor visit locations:
 - At Pleasant Manor (PM), outdoor resident visits will take place on the patio behind the delivery dock. Visitors will be screened upon arriving at the patio area, prior to the arranged visit. No unscheduled visits are permitted in the designated area.
 - At Tabor Manor (TM), outdoor resident visits will take place in front of the Long-Term Care entrance. Visitors will be screened in front of the Long-Term Care building prior to the arranged visit. No unscheduled visits are permitted in the designated area.

Indoor Visits:

- Radiant Care reserves the right to cancel indoor visits and regulate the number of visitors to the home at one time (staffing, space capacity and safety of all residents will be considered).
- Visitors shall attest to a negative result on a COVID-19 test within the past 14 days. Radiant Care is not responsible for providing the COVID-19 testing.
- Visitors shall verbally attest that, in the past 14 days, they have not visited another resident who is self-isolating or symptomatic and/or a home in outbreak.
- Prior to visiting any resident for the first time, a visitor must complete the training links provided by Radiant Care (see **Education Requirements for Visitors** above).
- Visitors must attest to re-completing the required training and re-reading Radiant Care's Resuming Visits During COVID-19 Policy on a monthly basis.
- Indoor visitors shall wear a surgical mask throughout their visit, which will be provided by Radiant Care.
- Visitors will NOT be permitted to move freely around the home. They shall remain in the designated visiting areas.
- Visitors will NOT be permitted to use any washroom facility in the home during their visit.
- Indoor general visit locations:
 - At Pleasant Manor (PM), indoor resident general visits will take place in the family room located near the entrance of the Pleasant Manor Long-Term Care home. Visitors will be screened in the entrance of the Long-Term Care home prior to the arranged visit.

- At Tabor Manor (TM), indoor resident general visits will take place in the Great Room located through the front entrance of the Long-Term Care home. Visitors will be screened in the entrance of the Long-Term Care home prior to the arranged visit.
- **Support Workers:**
 - In addition: If a support worker requires immediate access to the home in an emergency, they will not be asked for a verbal attestation for a negative COVID-19 test result.
- **Caregivers**
 - Radiant Care will not schedule visits for caregivers, or restrict the length or frequency of these visits. Movement throughout the home will be restricted to the area where direct care is provided. All IPAC practices must be followed at all times.
 - Will be required to complete all education requirements as listed in this policy
 - Caregivers must be supervised/retrained in how to give safe care
 - Radiant Care homes will document the identified designated individual(s) in the resident's plan of care, along with the role they play in providing care.
 - The resident or their substitute decision maker may change a designation, but must do so in writing and give 24-hours' notice of such changes to the home.

Failure to comply with IPAC or PPE protocols

Radiant Care Long-Term Care homes are required to follow directives issued by the Chief Medical Officer of Health under the Health Protection and Promotion Act and requirements under the Long-Term Care Homes Act, 2007, and other applicable laws to ensure that the home is a safe and secure environment for its residents. As a result, Radiant Care will take steps to enforce the rules for visitors, including restricting access to the property as appropriate.

- Visitors who repeatedly do not comply with the visitor rules could have all visits discontinued. The process will be as follows:
 1. Verbal reminders
 2. Written reminder
 3. Suspension of visits until review of education and attestation to that effect has occurred

CONGREGATE LIVING (TENANTS)

Outdoor Visits:

- Each tenant may visit with up to 10 other people outdoors on Radiant Care property.
- Outdoor visitors must maintain physical distancing during their visit.
- A face covering is not required for outdoor visits, though it is strongly recommended.
- Outdoor visitors will not be screened, and they do not need to complete the Attestation, Waiver, and Release.
- Outdoor visits will not be scheduled by Radiant Care.

Indoor Visits:

- Indoor visitors shall attest to a negative result on a COVID-19 test within the past 14 days. Radiant Care is not responsible for providing the COVID-19 testing.
- Indoor visitors must maintain physical distancing during their visit.

- Indoor visitors shall wear a face covering throughout their visit, which they will provide for themselves.
- Each tenant will be permitted only TWO indoor visitors at a time.
- Indoor visitors may only visit the one tenant (or couple) they are intending to visit, and no other tenant.
- Indoor visitors shall be screened at a screening station prior to every visit.
- Indoor visits will take place in a tenant’s apartment/wellness suite/unit. Indoor visitors will NOT be permitted to use any common areas or any public washroom facility at Radiant Care during their visit.
- Indoor visitors will NOT be permitted to move freely around the home. Once screened in, indoor visitors will proceed directly to the tenant’s unit, stay in the unit for the duration of the visit, and proceed directly to the exit when leaving.
- Indoor visits will not be scheduled by Radiant Care. Tenants will schedule their own visitors and are responsible to ensure their visitors adhere to the guidelines in this policy, including wearing a face covering, maintaining physical distancing, and performing hand hygiene.
- Tenants currently completing a 14-day isolation may not have any visitors.

Infection Prevention and Control (IPAC) Information Package

COVID-19 test negative prior to visit (outdoor visitors excluded): Indoor visitors shall attest that they have been tested for COVID-19 within the past 14 days and have a negative result. Radiant Care is not be responsible for providing the COVID-19 testing.

Nonadherence policy	Long-Term Care visitors and indoor tenant visitors must review the information in this package and sign the Attestation, Waiver and Release, agreeing to all measures contained herein. Failure to do so, or non-adherence to home policies and procedures, will result in discontinuation of visits, effective immediately.
General Information	Please arrive 10 minutes before your scheduled visit time. If possible, please bring your own chair for outdoor visits. Please be advised that Long-Term Care general visits cannot extend beyond 30 minutes, in order to allow all residents an opportunity to participate in visits.
Screening for COVID-19 Symptoms	Before your visit you will be ‘screened’ using a questionnaire (outdoor tenant visitors excluded) **If you have any of the symptoms in the following list we ask that you do NOT come for your visit. If you do not pass the screening, you will not be permitted to visit at this time
Common signs of infection include:	<ul style="list-style-type: none"> • Fever and /or • New cough or a cough that is getting worse
Other symptoms can include:	<ul style="list-style-type: none"> • Difficulty breathing • Sore throat • A runny or congested nose (not allergies) • Chills
Other non-specific symptoms are:	<ul style="list-style-type: none"> • Muscle aches • Fatigue (feeling weak, tired, exhausted) • Headache • Diarrhea • Lost sense of taste or smell • Conjunctivitis • Rash • Severe chest pain • Having a very hard time waking up • Feeling confused • Lost consciousness

	<ul style="list-style-type: none"> • Nausea • Vomiting • Unexplained abnormally rapid heart rate • Chronic conditions getting worse
<p>Education for Long-Term Care Visitors</p>	<p>Effective September 9, 2020, prior to any indoor visit in Long-Term Care, indoor visitors must complete education that includes how to perform hand hygiene and put on and remove required PPE. (See specific requirements below)</p> <p>Going forward, all Long-Term Care visitors must re-complete the training and re-read Radiant Care’s Resuming Visits During COVID-19 Policy on a monthly basis, and attest to doing so.</p> <p>Education for Caregivers:</p> <ul style="list-style-type: none"> • Infographic: <i>Recommended Steps: Taking Off Personal Protective Equipment (PPE)</i> – this infographic also outlines how to put on PPE • Video: <i>Putting on Full Personal Protective Equipment</i> • Video: <i>Taking off Full Personal Protective Equipment</i> • Video: <i>How to Hand Wash</i> <p>Education for General Visitors:</p> <ul style="list-style-type: none"> • Infographic: <i>Recommended Steps: Taking Off Personal Protective Equipment (PPE)</i> – this infographic also outlines how to put on PPE • Video: <i>Putting on One-Piece Facial Protection</i> • Video: <i>How to Hand Wash</i> <p>The above infographic & videos can be found at:</p> <ul style="list-style-type: none"> • https://www.publichealthontario.ca/en/diseases-and-conditions/infectious-diseases/respiratory-diseases/novel-coronavirus/long-term-care-resources <p>If the above titles are not shown on the main page, click on <i>Fact Sheet or Infographic</i> and <i>Videos</i> to navigate to the proper pages or type the title into the search feature on the top right of the site.</p>

<p>Clean Your Hands: Cleaning your hands is the most effective way to prevent the spread of germs. Regular hand cleaning with either soap and water, or an alcohol-based hand sanitizer will reduce the risk of getting sick</p>	<p>Cleaning your hands shall occur: You will be asked to sanitize your hands at the beginning of your visit, and again as you are leaving the visiting area.</p> <p>Hand Sanitizer will be available for you to use when you are screened prior to your visit:</p> <ul style="list-style-type: none"> • Apply the sanitizer to the palm of your hand, rub the product over all surfaces of your hands (between your fingers, the base of your thumb, your wrists, under your fingernails) until your hands are dry. This should take 20 seconds <p>Please view online video listed in <i>Education</i> section above.</p>
<p>Distance</p>	<p>If you have not had a negative COVID-19 test within the past 14 days, you must maintain a 2-metre distance and you may not touch the person you are visiting (this includes holding hands, hugging, etc.).</p> <p>If you have had a negative COVID-19 test within the past 14 days and have passed the screening, you may have close physical contact with the person you are visiting while wearing a surgical mask, at your discretion. Please keep in mind that avoiding/minimizing close contact is a primary way to prevent the spread of COVID-19. We strongly recommend that you maintain a 2-metre distance during your visit and avoid touching the person you are visiting.</p> <p>Regardless of your COVID-19 test status, you may not pass items to the person you are visiting (including food, photographs, papers, etc.). Any items you wish to leave with a resident/tenant must be dropped off to the screener.</p>
<p>Face Masks **Indoor visitors and outdoor Long-Term Care visitors must wear their face mask/covering for the duration of their visit.</p>	<p>How to safely wear a face covering: While you continue to stay two metres away from others”</p> <ol style="list-style-type: none"> 1. Clean your hands before putting it on and taking it off. Clean your hands with soap and water or alcohol-based hand sanitizer for at least 20 seconds. 2. Make sure it fits. No gaps between the face covering and your face. It should cover your mouth and nose from below the eyes to around the chin. 3. Secure it with ties or ear loops so that it is comfortable and does not hinder breathing and vision 4. Keep your hands away from your face while wearing a face covering. If you do touch your face or mask, clean your hands immediately.

	<p>5. Do not share your mask with others. Wear it as long as it is comfortable, and remove it when it becomes soiled, damp, damage or difficult to breathe through.</p> <p>How to remove and care for a face covering:</p> <ol style="list-style-type: none"> 1. Remove carefully by grasping the straps only and place directly in the laundry (or garbage if disposable) 2. If you must use it again before washing, ensure that the front of the mask folds in on itself to avoid touching the front. Store it in its own bag or container. Discard the bag or clean and disinfect the container after use. 3. Immediately clean your hands with soap and water for at least 20 seconds or use alcohol-based hand sanitizer 4. Machine wash with hot water and regular detergent <p>Type of Face Covering</p> <ul style="list-style-type: none"> • Outdoor Long-Term Care visitors and indoor tenant visitors are requested to bring their own face covering/mask • Indoor Long-Term Care visitors must wear a surgical mask provided by Radiant Care <p>Please view online video listed in <i>Education</i> section above.</p>
Limiting Movement:	<p>You will be given instructions about the location of your visit. Please proceed directly to this location and remain in place. Please do not leave the location to move around Radiant Care's grounds.</p> <p>Designated visiting areas and all associated furnishings will be sanitized between each visit.</p>

ATTESTATION, WAIVER AND RELEASE

This Attestation, Waiver and Release is to be read, understood, and signed by every visitor and every family member acting as caregiver, private-duty caregiver, paid companion, translator, or anyone the resident and/or Substitute Decision Maker designates as a caregiver (“Caregiver”) individually, before a visitor or Caregiver proposes to conduct his or her visit, every time that a visitor or Caregiver proposes to conduct a visit. A prospective visitor or Caregiver will not be allowed to conduct a visit if they (a) do not pass the screening questionnaire administered by Radiant Care staff just prior to the visit, or (b) have violated any of the rules, guidelines, protocols and/or procedures imposed by Radiant Care on visitors or Caregiver, or (c) have previously signed this Attestation, Waiver and Release and such Attestation, Waiver and Release has been found to contain false, misleading or incorrect information.

I, _____, hereby attest, confirm, agree, acknowledge, represent and warrant that:

1. If my visit is indoors, I have had a COVID-19 viral test conducted on me by a government-accredited COVID-19 testing facility/assessment centre within the previous two weeks. The test results from that COVID-19 viral test have been received by me, and those test results confirm that I have not tested positive for COVID-19 (that is, those test results confirm that **I do not have a current COVID-19 infection**).

2. If my visit is indoors, and if I have had more than one COVID-19 viral test conducted on me within the last two weeks by a government-accredited COVID-19 testing facility/assessment centre, then the test results from the most recent COVID-19 viral test have been received by me, and those test results confirm that I have not tested positive for COVID-19 (that is, those test results confirm that **I do not have a current COVID-19 infection**).
3. I am not currently experiencing any of the typical and/or atypical symptoms of COVID-19 (including, but not limited to, signs or symptoms such as fever (37.8°C or greater), any new or worsening respiratory symptoms (cough, shortness of breath, sneezing, congestion, hoarse voice, sore throat or difficulty swallowing), or any new onset atypical symptoms including but not limited to chills, muscle aches, diarrhea, malaise, or headache).
4. I have received, reviewed and read, and I fully understand, Radiant Care's COVID-19 infection, prevention and control rules, guidelines, protocols and procedures, and Radiant Care's educational, training and instructional material, including, but not limited to, accessing the required education links provided by Radiant Care to complete the online infection prevention and control and personal protective equipment education. I will, at all times during my visit, abide by and comply with all of Radiant Care's COVID-19 infection, prevention and control rules, guidelines, protocols and procedures and educational, training and instructional material, including but not limited to the proper use of face masks, proper hand hygiene and respiratory etiquette. I have completed/re-completed the required education within the past month.
5. In the past 14 days, I have not visited or provided private direct care in another long-term care home experiencing an outbreak or to a resident who is self-isolating or symptomatic.
6. I have read/re-read Radiant Care's Resuming Visits During COVID-19 Policy within the past month.
7. I will, at all times during my visit: (a) properly wear a face mask or face covering, if my visit is outdoors in Long-Term Care or if my visit is indoors with a tenant (which I am responsible for bringing); (b) properly wear a surgical/procedure face mask provided by Radiant Care, if my visit is indoors in Long-Term Care; and (c) maintain a minimum physical distance of 2 metres (6 feet) from any and every person I encounter while on my visit.
8. If I sign this Attestation, Waiver and Release and it is subsequently found by Radiant Care to contain any false, misleading or incorrect information, then I will be banned from entering into or visiting any Radiant Care site at any time thereafter.
9. I fully accept and assume all risks and responsibilities associated with and related to my visit to this Radiant Care site, and I acknowledge and understand that I am visiting and attending this Radiant Care site at my own risk.
10. I hereby irrevocably, absolutely, fully and finally release and discharge Radiant Care from any and all claims, actions, causes of action, suits, debts, duties, accounts, bonds, covenants, contracts and demands of every nature or kind whatsoever arising out of or in any way related to my visit to this Radiant Care site or any sickness or condition that I might contract, sustain or suffer as a result of my visit to this Radiant Care site.

11. I hereby agree to indemnify and save harmless Radiant Care from and against any and all losses, demands, damages, costs, liabilities, claims, charges, expenses, and actions, including legal fees and expenses related thereto, that may be made against Radiant Care or that Radiant Care may suffer or sustain as a result of or arising directly or indirectly out of me making any statement herein that is false, misleading or incorrect, or any case of COVID-19 or a COVID-19 outbreak that arises in this Radiant Care site as a result of me carrying the virus or me making a statement herein that is false, misleading or incorrect.
12. I confirm that I have read and fully understand this Attestation, Waiver and Release, and that I have signed it freely and without any inducement, and I hereby agree to be bound by its terms.
13. I understand that Radiant Care has relied on all of the above statements and their enforceability in allowing me to visit the above noted Radiant Care site, and that Radiant Care would not allow me to visit this Radiant Care site if I did not confirm and agree to all of the statements made herein and if these terms were not enforceable against me or binding upon me.

DATED this _____ day of _____, 2020 at _____,
Ontario.
