Preacher's Ponderings
In the lectionary calendar for this year, June opens with Pentecost Sunday. For the people of God, this is the celebration of God sending his Spirit onto his people. The Apostle Peter speaks of this moment as the fulfillment of the prophet Joel's words, "I will send my spirit on all people, men and women alike—and they will prophesy." And there is no preference given to young. In fact, all people includes those in the 70+ demographic. That is, no one is too old to receive the Spirit, or to be enlivened to his presence, or to be empowered to serve by speaking of God's glory and power. The Spirit is God's seal reminding us that we are not alone or abandoned by God. The Spirit is God's promise to us that God is for us and not against us. So, as we move into a hopeful summer may we do so knowing this, that God is still at work in us and in the world around us through us.
