August Activities

Therapeutic Recreation Staff will continue offering one to one activities and exercises in residents' rooms while the outbreak continues. When the outbreak is declared over, activities will be followed as written on the activity calendar. This month, a Marble Slab ice cream truck will be coming to deliver ice cream for all residents. There will also be a Rollkuchen and watermelon supper on August 24th.

We hope to have more live music in August, as Laura Belet, the music therapist will be coming in to sing again, and Mendelt Hoekstra will come to play the piano!

Preachers Ponderings

In our Bible Study series on Exodus, we read about the significance of Sabbath, the time set aside, by the ordinance of God, to rest. The intent of this time was to remember that God was and continues to be the source of all that we require. Resting is a reminder of two things: 1. that what we have does not come from our initiative or efforts, but from God, and 2. that we are not machines and that our bodies, spirits, and minds need time to be still and quiet. This too is a gift of grace from God. Consider what you need to rest from (hint – it may not just be physical but a break from worry and stress!). Or, what resting might look like (for me, it will be travelling with family this month). But God has given us this gift so let us embrace it with thanksgiving trusting that our source of life comes from Christ. (Please note that while I am away, the Aug. 4th chapel service will be cancelled. Our bible study group will also be taking a break. See the calendar for details.)

~Michael Dyck, Chaplain

All who have entered into God's rest
have rested from their labors, just as
God did after creating the world.
