Welcome Warm Weather...

Once again this year the residents have been growing and caring for some vegetables and flowers from seeds in the common areas. With the nicer weather arriving they are looking forward to transferring them to the outdoor courtyard. Where they will continue to care and monitor the transformation. Gardening truly soothes the soul, the warm sunshine, the chirping of birds and the smell of blooming flowers is a refreshing change after spending the winter indoors. We look forward to the lush foliage and vibrant flowers

We also have had the excitement of baby ducks in the courtyard. For many years the ducks have nested in the courtyard. The residents have enjoyed watching the babies as they grow.

Please help us welcome...

Karenza Federinko and Ana Fraga Lopes. They are the new physiotherapy assistants that have replaced Ashley, who has started her maternity leave, and Danielle, who has graduated nursing school.

Both Karenza and Ana are excited to be here at Tabor and are enjoying getting to know everyone.

Little Information regarding Physio Services...

We are often asked about the role of physiotherapy in LTC, the primary goal is to promote and maintain the level of function and mobility a resident has at the time of admission. Under the direction and guidance of the physiotherapist, the assistants follow the prescribed treatment plan based on each resident. The frequency, length and service is determined by the physiotherapist.

We are asking families to drop off a sunhat if your loved one does not already have one in their personal belongings. We will label it and ensure the hats are being used when outside. Please make sure when you drop off item it is clearly marked.

Thanks, Recreation Staff

Wishing all the men a wonderful
Father's Day on June 18th.

Accept One Another in Christ!

We live in a very divided world, don't we! Identifying, redefining, accepting, or rejecting others based on their race, color, culture, sex, age, or social standing continues to be a virus that infects human society. To be sure, celebrating our distinctiveness as human beings and cultures is healthy. Over-focusing on our differences though, only serves to drive us all apart. Popular solutions seem to just divide society further. And it's getting worse!

There is only one solution, it is found through Jesus Christ! Scripture says, 'There is neither Jew nor Greek, there is neither slave nor free, there is no male and female, for you are all one in Christ Jesus.' (Galatians 3:28) What divides the rest of society WITHOUT Christ, no longer divides us IN Christ! A personal relationship with Jesus Christ as Lord and Saviour brings all types of people together in loving unity; equally received and welcomed into the Family of God! Jesus said, 'whoever comes to me I will never cast out (or reject; John 6:37) What used to divide us (like those listed above) no longer can or should keep us from identifying and accepting each other in Christ! We cannot let past prejudices or tendencies control our acceptance of others...things like; Opinions, Attitudes, Experience, Personalities, Temperaments, Biases, Likes and Dislikes We are no longer permitted to disregard, interrogate, or imprison them...holding them hostage to our feelings, opinions, expectations, lifestyles, routines. We must no longer reject, or pass judgment on other believers and their distinctiveness, because God has already accepted them in Christ! (Rom.14:1-4)

A New Orientation

The Lord Jesus Christ welcomes into His Family all who place their faith and trust in Him, without reservation! And we need to welcome each other too! Romans 15:7 says, 'Accept one another, just as Christ also accepted us to the glory of God.' To accept biblically means to receive, take to oneself, or embrace, to take along with you, or to welcome someone in.

We should be willing to appreciate and accept everyone that God brings to us no matter who or what they may be... just like we accept every newborn into our families!

In Christ, we can accept each other as an equal child of God and having equal importance and access to our Heavenly Father and each other. The welcome we give to others must include RESPECT for who they uniquely are in God's Family!

Accepting one another in Christ then, means opening the door of our world to others and welcoming them into our lives!

Remember: In the Family of God...
