Preachers Ponderings

The focus for the entire month of April in the church calendar is Easter and the Resurrection. This connection of Christ's resurrection to the daily way we go about our lives should cause us to ponder how we live. Do we realize that we are a resurrected people? That the resurrection is proof we need that all that we trust God's word? That the promise of God's redemption is on hand, not just for us but for the whole world? That God is working to bring peace and justice? The resurrection should fill us with joy and shape the everyday, mundane things of our lives but also the life altering events that we no doubt will experience. So, this month, let us live in hope!
